Everything & anything that can be framed at
bond-a-frame.

Got a favourite footballer or cricket player? Perhaps you're the proud owner of a signed shirt, bat, ball or ticket? Maybe you've still got the tennis racket, cricket bat or the hockey ball you first scored with? Framing your sports memorabilia is something we have been doing since bond-a-frame began, so you could say we're Premiere League framers. Making memories and also superb pieces of art for interiors and homes, bond-a-frame will ensure a winning result for the framing of your sporting trophies and keepsakes.

At bond-a-frame we offer bespoke picture framing at affordable prices. From our 'Do It Yourself' option (with full supervision and guidance) to our complete expert custom service, we will frame whatever it is you wish to protect and display.

We can supply some of the world's leading glass.

Offering glass with technology that includes products that protect against fading and those that have a 'barely there' reflection, if you're not sure what you want or need, just chat to us. Once we know how your frame is going to sit or hang we can advise you on the best products to ensure longevity and durability, without compromising on style.
